

I seek refuge in GOD, from Satan the rejected
In the Name of GOD, Most Gracious, Most Merciful

Noon (part 3)

1. Swear

لَا أَقْسِمُ بِهَذَا الْبَلَدِ ﴿١﴾

[90:1] I solemnly swear by this town.

Since many years I was thinking why GOD has used swear in verse 90:1 strangely. GOD swear to many things at other verses like 91:1,

وَالشَّمْسِ وَضُحَاهَا ﴿١﴾

[٩١:١] By the sun and its brightness.

The swear in arabic starts with letter Waw like **WaShmas** (و الشمس). But GOD almighty has used (لا اقسم بهذا البلد) instead of (و هذا البلد) in 90:1.

Why?

1-1-

Fortunately the Nun letters solved it for me. There are many orders of Nun letters that show us that over Quran is 19. Now consider all 114 suras that start with Nun letters (Noon or Waw). For example **2** first verses of sura 52 start with letter **Waw** :

وَالطُّورِ ﴿١﴾

وَكَتَبَ مَسْطُورٍ ﴿٢﴾

Or sura 91 that 7 first verses of it start with letter **Waw**. Now we count all of these verses in Quran. It is interesting that in all Quran there are **38(19*2)** verses.

The result is in following table:

Seq.	Sura number	Letter	Count of first verses in sura that <u>starts</u> with letter <u>Waw or Noon</u>
1	37	Waw	1
2	51	Waw	1
3	52	Waw	2
4	53	Waw	1
5	68	Noon	1
6	77	Waw	1
7	79	Waw	3
8	83	Waw	1
9	85	Waw	3
10	86	Waw	2
11	89	Waw	4
12	91	Waw	7
13	92	Waw	3
14	93	Waw	2
15	95	Waw	3
16	100	Waw	1
17	103	Waw	1
18	104	Waw	1
Total			38 (19*2)

Now if GOD had been used **لا أقسم بهذا البلد** instead of **و هذا البلد** then the above order would be false. Certainly it has many other reasons that we aren't aware of it now.

1-2-

The other sura is started with swear like sura 90 and that sura is sura 75.

لَا أَقْسِمُ بِيَوْمِ الْقِيَمَةِ ﴿١﴾

[٧٥:١] **I swear by the Day of Resurrection.**

These two suras started with strange using of swear. Therefore they start with **Lam** instead of Waw. It is interesting that Count of **Lam** in these two suras (75,90) is **114(19*6)**.

GOD be glorified!!!!

2. Noon

Now consider all 114 suras that first verses of it have harmony of **Noon** or starts with letter **Noon** Like sura 109 that 2 first verses of it ends with letter **Noon**:

قُلْ يَتَّخِذُهَا الْكَافِرُونَ ﴿١﴾

لَا أَعْبُدُ مَا تَعْبُدُونَ ﴿٢﴾

The result is in below table:

Seq.	Sura number	Count of first verses in sura that ends with letter <u>Noon</u>
1.	6	12
2.	8	3
3.	9	2
4.	12	5
5.	13	5
6.	15	3
7.	16	6
8.	21	3
9.	23	50
10.	24	4
11.	27	5
12.	55	9
13.	63	11
14.	68	3
15.	78	1
16.	83	4
17.	95	3
18.	107	1
19.	109	2
		132
Seq.	Sura number	Count of first verses in sura that starts with letter <u>Noon</u>
1	68	1
Total		132+1=133 (19*7)

It is very interesting that there are 133(19*7) verses with this properties in all Quran.133 is count of letter Noon in sura 68 too.

GOD be glorified!!!!

Praise be to God, Lord of the universe.

There is no other
god except GOD

Our worship practices, our
lives and our deaths, are all
devoted absolutely to GOD
alone
